Keeping Kids Safe:

ECHO Telementoring series focused on
Suicide Awareness & Prevention

ABOUT

Telehealth ROCKS, in partnership with Kansas Suicide Prevention Headquarters, presents a telementoring training series focused on suicide awareness and prevention in youth and adolescents. We use the Project ECHO model designed to create virtual communities of learners. Topics include warning signs, intensive interventions, building resilient communities and more.

JOIN US TUESDAYS FROM 12-1 PM CST

- Sept. 27, 2022 from 12- 1 PM
